ABOUT ME

Full-Stack Web Developer skilled in building responsive, data-driven web applications using HTML, CSS, Tailwind CSS, JavaScript, React, Node.js, Express, and MongoDB. Proficient in API development, frontend UI styling, and database integration. Focused on writing clean, maintainable code and delivering smooth user experiences.

CURRENT FOCUS

Actively building full-stack projects using React and Node.js to land a junior web developer role at a tech-driven company.

EDUCATION

Prehrambeno-ugostiteljska škola
Cacak
